The link :

1. owned by some multinational company
2. at this rate
3. our culture will disappear altogether
4. end up eating the same bland food
5. Worried about globalization
6. the impact it could have on the local people
7. works the other way round
8. make some valid point
9. point out
10. far more ethnic restaurants than people realize
11. 7 A For every one B
12. would merge
13. pushes popular cultures to the masses
14. spreads even further
15. travel to Far-flung places
16. lose national identity
17. a fast-food outlet opened up
18. change it to suit the local culture
19. there's a lot of give and take going on
20. still get cultural diversity
21. to some extent
22. have a monopoly over
23. the fashion market
