

94.09.06 workshop FRI session 32 Social Welfare

1. Social welfare is an essential element of an advanced society
2. Although this system might be abused
3. Welfare payments are necessary
4. Those unable to earn a wage
5. Single-parent mothers
6. The disabled and the sick
7. The unemployed have the right to an income
8. They are not always at fault for not having a job
9. The tax they paid in the past entitles them to assistance
10. Crime increases when people have no means of support
11. The desperately poor inevitably turn to crime
12. Not only is it dangerous, but also costly
13. Policing the streets is more expensive than providing welfare
14. A policeman's wage is for times higher than a dole payment
15. People should look after themselves
16. They point out that welfare increases dependency
17. It also destroys dignity
18. In the case of the unemployed,
19. the relief payments are usually temporary
20. without this help, the poor are destined to become poorer
21. provide a financial safety net for all disadvantaged persons

Good luck!
