1. incentivize us to recycle
2. take on the huge burden of saving the planet
3. isn't doing enough
4. I pray that ...
5. see the urgency of the situation
6. get them to see that
7. teach them about the repercussions of
8. a polluting lifestyle
9. I hardly know where to start
10. it unbalances the eco system
11. become unfit to live on or farm
12. habitats are destroyed
13. Which leads to the extinction of....
14. I would say though that
15. export their pollution elsewhere
16. by which I mean ...
17. have a large carbon footprint
18. it has become fashionable to be green
19. recycle their waste
20. it is quite a shallow attempt
21. leave a trail of pollution
22. in their wake
23. if we don't change our ways
24. meet our needs
25. as early as 2030
26. I'm as guilty as the next person
27. I do hold out some hope that
28. we realize we must act
29. just in the nick of time
30. become uninhabitable
