

What are some of the qualities of a good parent? Use specific details and examples to explain your answer.

Parents have the most important role in their children's success or unsuccess in life. I believe that trust, unconditional love and respect are the most important qualities of a good parent.

In the first place, in my opinion trust is the most important factor ~~to train in training~~ our children. For example punishment, whether corporal or verbal ~~punishment~~, is not the best option to treat children when they did not act based on the ~~values things~~ that their parents want ~~them~~ to. A great parent comes to sit in front of his child and ~~listens~~ to his/her reasons when the child did wrong. Scream and loud voice cause children ~~to~~ feel afraid and cannot form their own personality which will raise.

On the other hand, mothers and fathers must have pure and unconditional love ~~towards~~ ~~to~~ their kids. For instance, in my opinion it is not right to say "if you eat this food it shows me you really love me". In these kinds of situations kids believes that if she/he does not obey her/his parents, ~~they~~ do not love ~~him/her~~ and feel unpleasant.

Thirdly, Children consider their parents a model for themselves. When the man and woman respect each other, ~~their~~ offspring can learn how to respect others. Also parents are the first teachers and they should teach ~~their children~~ how to respect ~~themselves yourself~~. Additionally, it is necessary for parents to be aware of their children's needs, and all of their conditions related to their ages and sense. They should even study about require~~ments~~ of ~~their~~ children at ~~the~~ various ages and try to manner accurately. If ~~a~~ parent doesn't know how to behave ~~toward~~ children at various ages, it might hurt their feelings and make them emotional or violent in their future. No wonder, being knowledgeable and respectable are ~~the~~ main ~~characteristics~~ of ~~the~~ good parents.

In conclusion, ~~from my point of view~~, ~~the~~ better be ~~the~~ parents, ~~the~~ better children they have. Parents have the most important responsibilities. Therefore, ~~they~~ should be careful about their behaviors.
