

Some people feel that entertainers (e.g. film stars, pop musicians or sports stars) are paid too much money.

Do you agree or disagree?

Which other types of jobs should be highly paid?

Nowadays, there is ~~the other a~~ controversial issue relating to the entertainers' salaries such as sportsmen, film stars or musicians. Before ~~reaching~~ any ~~conclusion, consequences~~ I believe that there is no ~~conflict-difference~~ between different ~~/various~~ jobs and all of them should be paid sufficient income which they deserve. Therefore, this essay discusses ~~es about~~ both entertainers and other professions.

At this juncture in history that people spend most of their time at work, entertainments play a vital role in their lives ~~because which~~ many actors, comedians or other entertainers devote themselves just ~~to in~~ satisfying the nation. In other words, they rescue us from boredom and monotony. Hence, not only do they serve the people or society but also they considerably impact on the country. As such, the more enjoyment, the more inspiration and sprightliness. In addition, there is the fact that these influential artists are those who have been training from their childhood. Moreover, in my estimation their work lasts ~~s~~ for a shorter span of time in comparison with other professions like ~~being teacher teaching, medicine doctors~~ or engineerings.

On the other hand, working as a doctor ~~who get~~ involves ~~sd in~~ high risk, there is more to getting a high salary than merely ~~to~~ safeguarding the peoples' lives, No matter how juvenile they are. Further, they deserve high amounts ~~s~~ of incomes ~~s~~ to pay. Overpaid in these decades, doctors study for many years and strive to raise their degree. As my own experience, I work for ~~8-eight~~ hours daily as an architect who studies ~~iesy~~ for ~~6-six~~ years but I have been ~~been~~ paid as much as I expect.

To sum it up, from my point of view, there is no job ~~more~~ valuable than the others and everyone should be paid fairly. Nonetheless, the government should not decrease the entertainers' salaries. Furthermore, if we keep the balance between the various careers, ~~it~~ can lead to add more serenity in ~~the~~ society.
