

Do you agree or disagree with the following statement? Young people nowadays do not give enough time to helping their communities. Use specific reason and examples to support your answer.

Some ~~one~~ thinks that people ~~does~~ not allocate sufficient time to helping their society, ~~however,~~ it seems that this ~~though~~ cannot be a correct statement/sentence. Helping the community nowadays has many aspects and all of ~~them~~ these aspects should be surveyed to have a comprehensive study. Young people helping ~~the~~ society in many ways such as establishing or attending ~~in~~ Non-Government Organizations (NGOs), which influence society in some aspects of living, which society benefits from ~~that~~ and also nowadays young people have profound knowledge about the internet and similar technologies that have ~~comes~~ recently to our life, and it helps public to create a progressive society.

Nowadays many NGOs are established by young people. The aims of the most NGOs ~~are is~~ helping the society without getting straight help from governments; these organizations provide a huge amount of opportunity to society to live in better conditions, ~~for as an~~ instance, nowadays in most of the cities charity organizations ~~are is~~ established by the youth to help poor people living in the city or suburb, most of ~~establishers~~ founders of ~~that those~~ organizations are young people, so it shows that young people ~~has~~ have a positive effect on ~~the~~ society by taking part in ~~that those~~ communities.

It seems that young people have more knowledge about the new coming technologies. Youths can increase knowledge of people living in society about Information Technology (IT) and help increasing using the new coming technologies, for example today it is convenient that children help parents or grandmothers in using cell phones or computers, so it shows that young children have benefits for/to society by increasing the public knowledge about using new-coming facilities today.

It seems that young people nowadays not only help society by establishing new groups of people or communities to increase the level of ~~society~~ social welfare and knowledge, but also they help others in new coming technologies such as computers ~~and so on~~, and this proves it shows that nowadays people have a more positive role than previous eras.
