

Some people argue that it is more important to have an enjoyable job than to earn a lot of money. Others disagreed and think that a good salary leads to a better life.

Discuss both these views and give your opinion.

When we enjoy something, ~~it's make it makes~~ us happier and ~~make makes~~ life easier and also helps us live at the moment ~~one~~. Although it is obvious that money brings comforts and amenity but ~~also its~~ not a guarantee for a calm life. This essay will discuss both sides of this issues.

~~In on~~ one hand, maybe someone earns s lots of money but they are always under pressure and have stress and they don't have energy for their life but they can always change their car in ~~to to the latest~~ model and also live in the best place and best building but because they have to spend lots of their time ~~for on~~ their business they will ~~be have~~ less time to spending with their family. Moreover, also their children can't enjoy ~~for~~ being together.

On the other hand, if someone enjoys s their job, they can have a good communication with y other people and collect ~~last the latest~~ information about their job also due to less stress they don't ~~ness~~ need to use antidepressants. → this it makes s their life easier and healthier because they can eat good food and join a gym. They will have a lot more fun hiking or bike riding and they don't have to make car payments, or pay insurance or gas. s they can walk a lot.

To sum up, happiness tends s to be achieved depending on the attitude of the person seeking it. If you can go to work and laugh, s have fun and find joy in the work you do, s then you have basic career happiness right then and you are lucky.
