

Some people think that art is an essential subject for children at school while others think it is a waste of time

Discuss both sides and give your opinion.

First of all, it would be pointed out, the culture of every society has initiated into historical background whole of invented past. So when we are talking about ~~a the~~ culture of a country we ~~would~~ say about its own historical relationships .however, art is an effective part in the culture of every country. Art is an inseparable part from of any society. Art in any shape brings a powerful background for people of society considerably .

Some people think that art is an additional ~~subject thing own their in~~ children's school. They have a very negative attitude to toward art. However, ~~peyattention paying attention~~ to matters such as earning money, getting married, working ~~etc is are~~ more important than art .

Another attitude is that they believe ~~that in going to involvement in~~ art makes children's life a misery as do drugs to their lives.

on the other hand, people would say art is necessary for children because it causes helps children to have creativity for all aspects of their lives. Furthermore, that is helped to improve ing and manifesting brain's ability such as analyzing , a profound attitude and having another view about everything.

I believe that children have an open mind for doing any work that can be greatly lead to all aspects of their lives. By the way, the parents should give authority to children who ~~deside~~ decide for themselves.
