You have enough money to purchase either a house or a business which would you choose to buy? Give specific reason to explain your choice.

Although the asked question initially seems to be relatively simple, in reality each side of it has its advantages and disadvantages, consequently, to make my mind about the issue I will look at both possible decisions and then I will be able to give my answer on it.

To begin with, buying house has its own advantages. One of the most important advantages of ~~purchase~~ purchasing a~~the~~ house is that you can ~~rebuilt~~ rebuild or decorate it then you can sell it for a higher price. In this way, you can invest money by renting a house. ~~Although~~ also, you can buy two houses, a~~the~~ ~~chip~~ cheap house for living and an expensive one~~house~~ for renting.

At the same time, spending money on a business, ~~it~~ is a good idea. You probably earn enough money for investing. Therefore, you do what you need with your income. For instance, you will travel around the world, help your family or friends, and buy a house or any essential needs. You will gain property. Depending ~~of~~ on the type of business, maybe there is a lot of risk ~~on~~ in it.

In a nutshell, a house is just one thing but a business is ~~such~~ much more. A low risk business would give us the opportunity to buy gorgeous things, travel, and help other people. Buying a house ~~the~~ that involves~~is~~ no risk at all~~on it~~.
