Some people say that now we can see films on our phones or tablets there is no need to go to the cinema. Others say that to be fully enjoyed, films need to be seen in the cinema.

Discuss both these views and give your own opinion.

As we live in a modern era, technology has made it easy to attain many things over the internet and smart phones. So, many people believe that, movies can be seen on disparate smart devices. Without any supply needing to go to the cinema; even so, others are of the opinion that to have a pleasurable time movies should be seen in a cinema. In my opinion, watching films must be watched on the silver screens. I will discuss both sides of this argument in this essay and give my own opinion.

Firstly, countless people find smart phones and tablets more convenient. There are assuredly a few advantageous advantages of to watching movies on such modern gadgets. For example, the cost of commute and edible snacks which is are not cheap will be eliminated. Moreover, by clicking away at any time in any places you can choose whatever you like and watch it. Since time is precious, this unique feature helps people to save their time. Furthermore, it will avoid prevent wasting time in traffic and standing in a cinema's queue, in that, you can save more time. Besides, recently in my country, many applications have been produced/developed for sharing movies in which you can watch all the released movies in cinemas.

Whileby contrast,; it is believed that watching movies on smart phones are more amusing and enjoyable for being economical in terms of money and time, due to having the better sound quality, wide screens and well equipped systems and cinema's are more catchy and appealing to many people. To explain, watching films in such an ambiance with eager people watching movies is exciting and desirable. Additionally, sometimes especially for the first play-show they have

invited actors, so this will cause more excitement to watch the movies in cinemas. So, you can take photos with actors, then you will have a memorable time. Moreover, you can walk a distance to the cinema, because we are going to sit about two hours and eating-eat snacks.

To conclude, watching movies on a mobile devices are-is cheaper, easier and more convenient which is proper for most of the people. In my opinion, watching films in the cinema is not only entertaining but also fun.
