

| Total number of visitors to Ashdown Museum | |
|--|--------|
| During the year before refurbishment | 74,000 |
| During the year after refurbishment | 92,000 |

Results of surveys of visitor satisfaction

Source: Cambridge 11 IELTS

The table above shows the numbers of visitors to Ashdown Museum during the year before and the year after it was refurbished. The charts show the result of surveys asking visitors how satisfied they were with their visit, during the same two periods.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

The table above, depicts the number of visitors to Ashdown Museum during years before and after refurbishment. After these results, there are two pie charts that shows the result of surveys asking people how satisfied they were with their visits of this museum during the same periods.

In general, the people who visited the museum after renovation, were placed in highest ratio with the number 92,000 than who visited before with the number 74,000, which could be a great success for this process.

The charts contain negative patterns before refurbishment. The survey results show that only 15 per cent of the visitors were very satisfied and the number of dissatisfied people was 40 per cent. And after refurbishment it illustrates that these numbers have had a huge changes, 15 to 35 per cent and 40 to 15. Comparing the amount-number of satisfied people also increased from 30 to 40 percent, clockwise-by contrast for very dissatisfied visitors decreased from 10 to 5 per cent after that. The amount of no response people was placed the same.

To sum up, this action during these years has been-reached its aim to-in attracting new visitors to Ashdown Museum.
