

It so obvious some children are mischievousness and noisier than others but they are just children. this is so normal I think if we separate them, they think that they have some problems and this may make ~~them~~ disappointed ~~ed them~~, so we should find the solution to tackle/ deal with it

In the recent years most people have full time jobs and it's important they are satisfy satisfied with what they do because is it reflects your feeling about yourself and ~~wr we most must being find/seek~~ ways to increase their job satisfysatisfaction

Without a doubt technology has helps-helped us in several ways and made our lives easier. I disagree with this opinion that technology makes us forget about traditional skills and history. I think we can keep ~~them~~this thing alive with technology

I think that is necessary to immunise our children because if we don't, the risk of illnesses like poliomyelitis increases and if our child ren are suffering because of our wrong decisions, it brings lot of regret

In the years of our life we can't /cannot always live in the same way because conditions always changes and if we don't move with new conditions ~~wr we~~ fall behind although we might be live-living in a usual way. Even though it is it so way it so delightful ~~but it is~~ impossible
