

Successful sports professionals can earn a great deal more money than people in other important professions. Some people think this is fully justified while others think it is unfair.

This is a very common issue that most of ~~the~~ people negotiated ~~about the~~ range of wages of sportsmen. Some individuals completely agree to pay high salaries to professional sportsmen and they ~~are~~ deserved to earn hefty sums of money whilst other people strongly disagree to pay such huge money. I totally agree ~~to with~~ this point of view that they are ~~entitled~~ ~~deserved~~ to high income.

Obviously, all of us always trying to increase our salary by improving our abilities, but we have a specific time to acquire new abilities. For ordinary jobs, we have worked for about at least thirty years and have more chance to learn new skills. For professional sportsmen ~~the~~ period of professional career is too short, maybe ten or fifteen years, so it is very difficult to keep their body style and mental behavior after thirty-five years old. Because of this short stage ~~their salary~~ must ~~being be~~ higher than ~~that of~~ ~~other occupations~~ to cover their lives thoroughly.

Another aspect that approves ~~of~~ my estimation is about what ~~sportsman~~ ~~sportsmen~~ ~~doing~~ for our society or national team. Imagine football players like Messi or Ronaldo, they always ~~trying~~ to improve their ability by hard working and their techniques lead to big achievements of their football club or national team. They are heroes of their county and majority of population spend ~~high large amounts of~~ money ~~to watch~~ ~~watching~~ their games and finally this thrill and enthusiasm ~~cause~~ ~~to bring about~~ happiness of all society.

On the other hand, people ~~that~~ denying this ~~view of point~~ ~~point of view~~ mentioned these professional players are not ~~deserving of~~ ~~ed to catch~~ ~~such high~~ money. Based on their views, in ~~the~~ society some jobs like politicians or doctors are doing much higher important activities that lead to improve ~~ing~~ ~~the~~ lifestyle and health of society. If there is no safety or security in ~~the~~ society, none of these professional sportsmen ~~are~~ important for people.

To sum up, I think sportsmen are very important parts of any countries. They are champions of people and ~~make~~ ~~provide~~ happiness and cheers between their fans. So because of these important roles they must earn huge salaries in ~~a~~ ~~comparisone~~ of other jobs
