

Many people believe that women make better parents than men and that is why they have the greater role in raising children in most societies. Others claim that men are just as good as women at parenting.

Parental responsibilities are very important for the parents to make their children prepared for the future. Every mother and father loves their offspring more than anything in this world. Women usually spend more time with their children than men because, in many countries they are less engaged in working. In contrast, a father makes future of the child financially secure. While mothers take care of their children, fathers work outside to bring the money home. But in many families, both parents work outside, that is why the responsibility of ~~upbringing~~ bringing up children should be equally shared, so both of them play a crucial role.

Actually, a child spends most of the time, in childhood with the mother and thus mothers have a better understanding of their offspring. Perhaps, mothers are better than fathers because, from the time they are little girls, females learn about nurturing. First with ~~doles~~ dolls and then with younger sisters s and ~~brother's~~ brothers.

To conclude, fathers are more serious in punishing ~~of~~ their children than mothers so they can better control ~~better~~ children to avoid crime. ~~Against-as-a-role-of-mother~~ in contrast, mothers can transfer their experience to their daughter to become a perfect mother in future. All of kids need ~~a~~ affection and caring of both the father and mother.
