

Some parents buy their children a large number of toys to play with.

What are the advantages and disadvantages for the children of having a large number of toys?

In this day and age, ~~by with the increase in the diversity of increasing numerously diverse~~ toy ~~manu~~factories throughout the world, people's ~~trend-tendency~~ toward buying more toys for children has risen gradually. Buying many toys for kids to play with has advantages as well as disadvantages and Now ~~we are~~ this essay is going to count some of them.

Generally, keeping a balance on whole subjects is a wise choice that humankind should pay attention to especially in their daily life such as expenses and decisions. However, some topics seem really ordinary for people, they should think about them carefully to avoid unpredictable ~~abled~~ problems which can have huge effects on their lives and buying a lot of toys for children is the best example for them.

When it comes to talking about purchasing toys for children, almost all parents approve of it. This ~~issues~~ forth/stems from their deficiencies in their early ages. As a kid, they wanted to have lots of various toys such as dolls but it was a luxury that their parents could not afford it, so they prefer their children not to have the same feels. However, they are not aware that some of their successes are related to it. The other disadvantage is children should divide their time into playing out (of the house), exercising, learning from reading books s and watching TV and going to kindergarten, so playing with toys not only is not enough for kids, but also it can ~~avoid-prevent~~ growing truly.

On the other hand, having ~~much-more~~ a large number of toys, gives some opportunities to children to experience different kinds s of toys such as puzzles helping them to learn to solving-solve problems by considering and ~~improve~~ improving their mentation.

In conclusion, by scheduling and arranging children's s time, parents can bring them up in the best way, and also consult with ~~psychologies~~ psychologists to find the best method for their upbringing.
