

Do you agree or disagree with the following statement? people benefit more from traveling in their own country than from traveling to foreign countries . Use specific reasons and examples to support your answer .

Nowadays there are many options of travel for people to choose and going ~~to~~-abroad ~~which is~~ becoming more convenient than earlier decades . It is obvious that people prefer ~~to~~-traveling to ~~foreign~~-foreign countries than their own country because they think ~~they~~-it would be more interesting ~~that~~-and I am ~~not~~-no exception ~~of~~-to this but In my opinion It is better to traveling in their ~~own~~-our country ~~and~~-for which I have a couple of reasons .

First of all, people need to know all the cultures of their own country because ~~it~~-in that case ~~recognizing~~-knowing other countries' cultures becomes easier and If a tourist asks you about your civilization and culture , you can answer easily and completely correctly . I have lots of cities with different cultures, various folks and diverse languages in my country . For instance, Iranian Baluchi people have several foods with ~~extraordinary~~ extraordinary local costumes . In addition, when you traveling to your own country, you can find wilderness with the least visitors . For example Darak beach near Chabahar in Sistan and Baluchestan is located where the sea of Oman reaches the Indian Ocean . There can be a piece of paradise.

Secondly, you might have ~~a~~-language problems when you traveling ~~to~~-abroad . It is much easier for people to ~~traveling to~~ inside their own country because if so they do not need buying the transportation tickets, booking hotels, asking for directions or ordering dishes in a restaurant. In my personal experience, I had a trip to India ~~which~~-where I could not ~~to be~~ ate-eat anything except ice creams and MacDonalds for ten days because they even ate ~~pappers~~-pepper with bread in their breakfast or ~~imagian~~-imagine you are traveling to Japan; they do not ~~accept~~-speak any foreign language and a few of them can speak English .

Ultimately, traveling to foreign countries may look more interesting in appearance but it has more problems like languages and high cost . Where I to choose between traveling ~~to~~-abroad and my own country, I would go for traveling to my own country because I prefer to know the history of my country and my civilization .
