

Paper books vs Ebooks

Smart Tools play a more significant role in our life day by day. Although humans ~~has~~ have experienced studying by reading paper books for many years, ~~But~~ recently, studying has taken many forms due to prevalence of the smart tools like mobile phones, laptops ~~and so on~~. However, paper books ~~has~~ have still maintained their place and popularity among the people.

For book lovers, nothing can be alternative to a good book and a lounge chair and a cup of tea on a winter afternoon. The smell of paper and book reminds calmness feeling for these people Which a Ebook ~~can not~~ cannot give. Further according to ~~researches~~ research, studying of paper books takes more learning than digital ones and readers get deeper understanding though paper books studying. Another paper books' merit is less fatigue and physical injury So that looking at the screen for a long time can be harmful for the eyes and lead to sleep disorders and mental and physical fatigue, While paper books do not have these issues.

However, Ebooks have merits too, for example they avoid cutting down the trees and ~~endaming~~ ~~endangering the~~ environment and also save on a huge ~~valume~~ volume of paper. These books have lower prices than the paper ones and everyone can use them. Another merit about these books is ease of use. They don't have physical weight and volume and can be used everywhere.

By considering Regard to these cases, it can be concluded that paper books and Ebooks have no advantage over the ~~an~~ other And each one has its own significance, considering various time and location conditions and personal tastes.
