

Do you agree or disagree with the following statement? If people have the opportunity to get a secure job, they should take it right away rather than wait for a job that would be more satisfying. Use specific reasons and examples to support your answer.

No one can ever deny ~~an~~the efficient role of our jobs in our life. In fact I believe that every human is born for a specific career but nowadays living is harder than the past because ~~for~~of a~~the~~ tough economic conditions, so people cannot be sitting and waiting for their dreamy jobs. From my viewpoint people should get a secure job and whenever they have the opportunity to access their favorable jobs, they can go for it and I have a couple of reasons which I explain with some examples.

The first and main reason which can be on the top and covers other reasons is "Money". Today~~s~~~~the world rotates by~~ money talks, so you have to earn money because you must meet your basic needs such as food to not be starving, clothes to wear and a house to live in. In this case you must have a stable job with regular salary to ~~be~~ survive in the world. Imagine, you do not have a job, far from your family and you are waiting for your admirable jobs, in ~~conclude~~conclusion/therefore you will be homeless or die.

Secondly, having a secure job can be beneficial because you can learn a new thing and gain noteworthy experiences which also you can use ~~them on~~in your pleasant jobs. For instance, when I was preparing for the bar examination, I worked at a notary office. It was not my ~~fabulous~~ favorite job but it was extremely helpful. I learned how to distinguish between illegal speculation documents and embezzlement deeds.

Last but not least, by secure jobs people can achieve a notable resume which might aid them in their favorite jobs. In some cases s people are educated in their desirable majors and they look for a related job but because they do not have ~~enough~~an impressive resume and background, companies hire a person who more experts, so they must have adequate resume.

Ultimately, although individuals ~~are deserving~~ deserve to have superior and satisfactory jobs, in ~~this~~recent decades they must work hard and earn more money to have comfortable life because in this situation peace and money are more related together. Besides, we can increase our knowledge and skills and have a more impressive resume which can provide us ~~for~~with the work we born for ~~it~~.
