

94.05.16 workshop speaking FRI session 16 deforestation

1. Woods and forests are losing trees
2. More wood is needed for construction and farming
3. Destruction of trees is a threat to our survival
4. The matter is not just in the hands of the government
5. The solution to the problem is one of partnership
6. Not only but also// both and
7. Ordinary individuals can play a part too
8. Newspaper – paper – wood pulp
9. Which in turn
10. Recycled paper
11. Pressure from the government to encourage recycling
12. Stricter controls should be placed on companies
13. To ensure that more recycling is used
14. Sponsoring the planting of new trees
15. Schools, universities as well as seminaries
16. Children should be taught to look after trees/care for them
17. They need to learn to appreciate the value of trees
18. Individuals have as much a part to play as large organizations
19. In preserving woodlands and forests

Good luck!
